HOUSE BURGLARIZED.

Bold Burglar Invades Sleeping Apartments.

City Engineer Thatcher's residence on Akard avenue was entered through a front window early this morning by a burglar who ransacked the sleeping apartment and took from Mr. Thatcher a nice suit of clothes, in the pants pocket of which was a five dollar bill, and a silver watch. Mr. Thatcher attended the council meeting last night and it was late when he turned in. As usual he placed his clothes at the head of his bed and awoke this morning to find them missing, the first intimation he had of being robbed. He was more fortunate than he expected to be, however, after making the discovery, for he soon found the clothes lying in the front yard, and says he feels very thankful to the burglar for his thoughtfulness in leaving them. The pockets had been rifled with the result of securing the watch and money and in addition thereto as the burglar went out he lifted a silver fruit stand which he kept. No clue.

Two Fires.

Last night, at 8.30, the department was called out to suppress a small blaze at 1230 Main street, caused by a defective flue. The place is occupied by George Reamer. Loss about \$10.

Again, at 10.30 this morning, an alarm was turned on from box 16 corner Elm and Lamar streets. The blaze was located near the corner of Griffith and Camp streets, in a building occupied by M. Isaacs as a grocery store.

The grocery building was all ablaze when the alarm was turned on and was far gone when the department arrived. Insurance on grocery stock, \$1200; building, \$300.

The San Antonio people are made hornets because the member of the State Immigration Committee was selected from Pecos City instead of San Antonio. The district representative selected their own man for the committee, and Col. Chilton is a very competent man. What is needed now, is immigration, not contention.

THE HERALD is in receipt of a very handsome calendar with the compliments of the Western Newspaper Union, A. T. McCarger, manager. The printing is a credit to the Dallas Lithograph Co., one of the city's worthy and prosperous enterprises.

BAIRD, Dec. 29.—At 5:30 p.m. about one hundred masons assembled at their hall in this city Wednesday and formed a procession and marched to the court house under orders of the grand marshal, Dr. D. J. Wilson. On arriving at the courthouse the masons were joined by a goodly number of outside friends, which made a good audience, which was favored with appropriate addresses, after which they returned to the hall, where they found a sumptuous supper waiting for them, which had been prepared by the fair hands of the ladies. This was the most enjoyable feast the fraternity ever enjoyed here.

MARSHALL, Dec. 29.—Prince Albert Nunn, a colored preacher and school teacher, was arrested, charged with uttering a forged school voucher. When captured, he was cramming another voucher in his mouth, which the officer made him disgorge. Several other vouchers and alleged forged documents were found on his person. In default of \$400 bond he went to jail to await a preliminary trial.

Hill's Dallas Business College is now in session day and evening, in the Reinhardt building. It offers superior advantages in every department. Young men and ladies should visit it before going elsewhere.

NEWS.
The Pullman car company was held in \$75 damages by the county court here Wednesday. The plaintiffs were Frank Hunter, an attorney of this city, and his wife. Fourteen months ago, while on their wedding trip, they purchased a Pullman ticket from New Orleans to Marshall, Texas. They were awakened at Boyce, Texas, at midnight, and compelled to leave the Pullman car, which was side-tracked and sent back to New Orleans. They proceeded in a day coach, and they allege that Mrs. Hunter contracted a cold from which she never recovered. The amount of damage claimed being less than \$100 there is no appeal from the decision of the county court. Articles were signed here Tuesday night and a forfeit put up by Jimmy Nicho's, who claims the light weight championship of the southwest, and St. Clare of Arizona, for a prize fight New Year's Day. The stakes are \$100 a side, the winner to receive 75 per cent of the gate money, and the loser 25 per cent. It is proposed to have the battle on this side of the Rio Grande. It will be fought with four-ounce gloves to a finish.

TERRELL, Dec. 29.—Another norther made its appearance about 6 o'clock Tuesday evening. The weather began to moderate as soon as the sun rose, and by noon, the wind having ceased, though somewhat chilly, the weather was pleasant. Chicken fighting has been the fun during the week.

GAINESVILLE, Dec. 29.—W. E. Wake, dealer in dry goods, notions, etc., assigned Wednesday for the benefit of creditors. Liabilities \$21,943.76, assets \$10,350. The principle creditor are in New York, Philadelphia and several other commercial centers.

ARILENE, Dec. 29.—The large dry goods store of J. W. Campbell & Co. was closed this morning by attachment.

ROCKWALL, Dec. 29.—Rockwall has this Christmas had less drunkenness than during any Christmas under the local option rule, notwithstanding we have two open saloons and several quart houses.

LONGVIEW, Dec. 29. Business is absolutely stagnant, seemingly not yet recovered from its Christmas rest. A regular blue norther blew up Wednesday night and the very earth was frozen solid. Tuesday the higher degree of temperature was 70°, but during the night the mercury fell to 20°, a change of 50° in less than twelve hours.

SAN ANTONIO, Dec. 29.—The Board of Trade met Wednesday afternoon specially to consider the immigration question and to meet representatives of several West Texas districts. The object is to organize an immigration society to be known as the South-western Immigration Society. The area embraced extends south as far as Bexar County, west to the Texas Pacific, east to the Brazos, and includes all the territory southward from these points or lines. Great interest is being shown and there is no question of their ultimately being a strong society formed; with headquarters either in this city or Austin. All persons from this section who attended the Dallas convention have joined in this movement and most of them are in the city to encourage the movement. Ample funds have been provided to further the project, which is to be entirely independent of the Dallas proceedings. Steps to call a convention on here have been taken.

WICHITA FALLS, Dec. 29.—Capt. E. L. Preston, chief of the Rock Island surveying corps, returned to his work in the Territory this morning. Three preliminary lines have already been run to Red river, and he will now locate one down Cash creek and cross Red river near where the former empties. This, he says, will take several days, and then he will make his camp on this side, and will reach Wichita Falls some time in January with a located line from Caldwell, Kansas.
